

Description of Additional Supplementary Files

Filename: Supplementary_Data_1.xlsx

Description: Sequencing summary

Filename: Supplementary_Data_2.xlsx

Description: CO benchmark dataset

Filename: Supplementary_Data_3.xlsx

Description: Criteria for CO molecule filtering

Filename: Supplementary_Data_4.xlsx

Description: Col-0 and Ler allelic markers

Filename: Supplementary_Data_5.xlsx

Description: Random overlapping of independent COs

Filename: Supplementary_Data_6.xlsx

Description: Molecule coverage per CO for various pool size

Filename: Supplementary_Data_7.xlsx

Description: Comparison on costs of different technologies
