

Figure S5. Cryo-EM reconstructions and local resolution estimates for Ab283_{mur}-RC1 and 1170_{NHP}-RC1 complexes.

Cryo-EM density and local resolution estimations were calculated in RELION v3.1 (113, 114) for (top) 1170_{NHP} – RC1 and (bottom) Ab283_{mur} – RC1 trimer complexes.
