Dear colleagues,
Cell Death & Disease has noted that the author list from our first submission differs from the resubmission since we included additional authors (no deletions) due to their valuable contributions for the rebuttal. The following authors were added: Sanil Bhatia, Julian Schliehe-Diecks, Bodo Levkau, Philipp Wollnitzke, Andreas Reichert, Marcel Zimmermann, and Nicole Teusch.

Therefore, I need the confirmation from all authors that you agree to these changes. **Please send me this confirmation per e-mail so I can upload it for Cell Death & Disease.**

With best regards
Sebastian
