HOUSE-SENATE CONFEREES REPORT H.R. 4222 EXTENDING CHILD NUTRITION PROGRAMS..... Since the bill's increased costs exceed the Congressional Budget Committees' target, it may be sent back to conference when Congress returns. It also exceeds the President's budget request. (Contact: Bob Buchanan, OMF, ext. 72327)

CONFERENCE ON USDA APPROPRIATIONS TO FOLLOW RECESS.....Senate floor action was completed on July 25 with the following changes from the Senate committee bill which was summarized in Issue #16:

- An additional \$6.6 million was provided for emergency flood rehabilitation work in Montana;
- A net increase of \$5.3 million was added to the Child Nutrition appropriation for equipment assistance and State administrative expenses;
- \$50 million was added for soil and water loans;
- \$2.3 million was added for domestic farm labor grants;
- Language was added to ACP which would expand the program from the 1970 practices to "Other farming practices as may be deemed desirable by the county committees."

In terms of total outlays, both the House and Senate bills are very close to the President's budget. The House is about \$7 million below the budget while the Senate is about \$18 million above the budget. (Contact: Steve Dewhurst, OMF, ext. 76176.)
