

July 27, 1978 — August 9, 1978

Dr. Wallace leaving ; search group named

Dr. Thomas P. Wallace

A screening committee has been named to aid in the selection of a dean for the College of Science to succeed Dr. Thomas P. Wallace who will give up his RIT duties in December.

Dr. Wallace joined RIT in 1968 as an assistant professor and became dean of the College of Science in May of 1973. He is taking a position as dean of the College of Science and Applied Arts at Old Dominion University, Norfolk, Va. Old Dominion, founded in 1930, is a state-controlled coeducational center having about 15,000 students enrolled in day and evening classes.

In announcing plans for the screening

committee, Dr. Todd H. Bullard, RIT Provost, had this to say about Dr. Wallace:

"I would reiterate the very substantial sense of loss which Dr. Wallace's decision brings to the college and to RIT. His leadership in program development of the college, stimulation of the faculty and his contribution otherwise to RIT make the selection of a successor challenging indeed."

Named to head the screening committee was Carole A. Sack. Others on the committee will be Hrishikesh Banerjee, William A. Burns, G. Thomas Frederick, Allen J. Friedman, Terence C. Morrill, John S. Shaw, Gerald A. Takacs and Thomas C. Upson. All are connected with the College of Science.

In addition, Dr. Bullard has asked that each of the principal academic departments of the college nominate one student to serve on the committee and that the faculty members of the committee choose two students by lot to serve with the group. He asked the committee to take appropriate steps to assure that the vacancy is broadly announced

RIT marketing class cited by U. S. Agency

An RIT marketing class taught by Professor Herbert Mossien has won a regional Small Business Administration (SBA) award for the second straight year.

The 1977-78 Small Business Institute Regional Award for the New York-New Jersey-Puerto Rico-Virgin Island region was given to Mossien and six of his students for a marketing report prepared for the Chase Machine and Manufacturing Co. of Rochester.

It apparently is the first time that any of the 650 or so colleges participating in the program nationally has won consecutive awards, according to William Tierney, management assistance officer in the federal SBA's Rochester office.

Several teams of students in Mossien's class prepared marketing reports for various small businesses in the Greater Rochester area.

The Chase report was chosen by SBA officials to represent RIT in competition with reports prepared by student groups in about 20 other participating colleges in the region.

"I view this program as a living laboratory type of experience that takes the students out of the classroom and puts them into the real world," says Prof. Mossien, a former corporate executive with Bausch & Lomb of Rochester.

Tierney says the reports give the SBA a solid foundation by which his agency can begin to monitor the progress of struggling or fledgling companies.

"We use these excellent reports as a takeoff point for our work with the businesses," he adds. "The students do a great job in identifying the problem that the businesses may have, and then we step in and see what we can do to help."

Tierney also attributes much of RIT's success in the program to the efforts of Prof. Mossien, a faculty member in the College of Business.

"He is a super person who's done a super job with his students in helping them to turn out the highest quality work," Tierney concludes. "RIT is very fortunate to have such a talented, dedicated teacher."

Presidential search field is narrowing

Up to the present time, the names of 121 nominees/candidates for the office of RIT President have been received by the Presidential Search Committee, chaired by William J. Maxion.

Of these, Maxion said, 88 have been eliminated, eight have been selected for preliminary screening interviews and 25 are in the process of being screened.

He said the next step will be to bring the most qualified candidates to Rochester to meet with the Search Committee.

It is hoped to announce the name of the successor to Dr. Paul A. Miller sometime this fall, Maxion said.

CONTINUING EVENTS

thru summer—Bevier Gallery. Student Honors Show. Hours: Mon.-Fri. 9 a.m. to 4 p.m.

thru Aug. 16—Geri McCormick. Recent work (3D paintings using polyvinyl with color, screen and paper). Wallace Memorial Library, 2nd Fl. **to July 28—Graphic Arts Research Center.** "Photographic Science Seminar." For info contact Bill Siegfried, x2758.

July 29-30—Frisbee Competition. All Athletic Fields, 7 a.m.-9 p.m. Contact Mary Ann DePrez at 381-3183.

July 30-Aug. 4—Wrestling Clinic. Contact Earl Fuller.

July 31-Aug. 4—Graphic Arts Research Center. "Screen Printing Update Seminar." For info call x2758.

July 31-Aug. 6—Cadence Band Camp. Athletic Field, 8 a.m.-9 p.m. Contact Vince Aruni at 288-7636.

Aug. 2—Personnel Summer Sun Series. Workshop III, "The World Is At Your Doorstep." 9 a.m.-11:30 a.m., Clark Dining Room, CU.

Aug. 6—Genesee Valley Antique Car Show. Parking Lots E, F, G, H, & J, 6 a.m.-5 p.m. Contact Mr. Almekinder at 482-8187.

GRANTS DEADLINES

Please note: GUIDELINES FOR ALL PROGRAMS ARE ON HAND OR HAVE BEEN REQUESTED. Please call the Grants Office for additional information on any program (Grant & Contract Administration, 50 West Main Street, 475-2388).

NATIONAL ENDOWMENT FOR THE ARTS (unless otherwise noted students are *not* eligible)

1978 Deadlines

September 1—Art in Public Places (Planning Grants for Artists). Grants to artists of any age in any medium—to acquaint new artists with challenges of public space, develop new ideas, and experiment freely. Projects include investigation of new techniques and materials suitable for art in public places. Maximum Grant \$2,000 for projects commencing July 1, 1979.

September 29—Crafts Exhibition Aid. (Institutional Applications). Matching grants up to \$15,000 for major exhibitions and up to \$7,500 for other projects. 1.) Exhibitions that explore a specific theme 2.) Community-oriented exhibitions that bring works of high quality professional craftsmanship to regions that normally do not have access to such work, 3.) Craft exhibitions that are coordinated with craft workshops. Projects up to 12 months could commence on May 1, 1979.

Engelmann receives Friedman Medal

Dr. Lothar K. Engelmann, dean of RIT's College of Graphic Arts and Photography, has been awarded the William H. and Harry J. Friedman Memorial Medal for "distinguished service to education in and for the graphic arts."

Engelmann, of 128 Thatcher Rd., Irondequoit, joined RIT in 1969.

The Friedman Medal is considered one of graphic arts' most prestigious annual awards. Past RIT recipients include: Byron G. Culver, former director of the School of Printing, 1955; John L. Kronenberg, associate dean of the College of Graphic Arts and Photography, 1966; and Alexander S. Lawson, professor emeritus, 1977.

Seminar set

The second of two summer seminars entitled "Screen Printing Update" will take place at RIT from July 31—August 4. The seminar will be conducted in the laboratory of the School of Printing, according to William D. Siegfried, training director of the Graphic Arts Research Center.

The week-long session is intended for public and private instructors of printing, graphic communications or art from secondary through college level.

3 RIT sports camps planned

Soccer, wrestling and football camps will be conducted at RIT this summer.

Under direction of Bill Nelson, the soccer camp is slated for two one-week sessions in August. Open to both boys and girls ages 8-18, the first soccer session takes place Aug. 7-11. Second session runs from Aug. 14-18.

The soccer school is designed to develop individual techniques and skills and principles of team play. Match competition is also scheduled.

Earl Fuller, RIT varsity wrestling coach, will direct the 16th annual Wrestling and Coaching School July 30 to Aug. 4, 1978.

The school is open to junior and senior high students. In addition, a seminar for coaches at the secondary, prep school and college levels is slated at the same time.

Purpose of the grappling camp is to increase standards of wrestling efficiency in the schools.

The Tiger Football Camp features two one-week sessions (Aug. 7-11 and Aug. 14-18).

Lou Spiotti will direct the camp with Fred Recchio assisting.

Objectives include conditioning, increasing agility, developing sound football techniques, increasing knowledge of the game and proper preparation for the upcoming season.

Additional information on any of the camps may be obtained by contacting: Bill Nelson (soccer), 475-2580; Earl Fuller (wrestling), 475-2589 or Lou Spiotti (football), 475-2618.

OPD schedules programs during August at NTID

Two seminars are being offered in August under sponsorship of the Office of Professional Development—both will take place in the NTID academic building.

A seminar entitled "How to Manage Your Boss" will take place Aug. 3 from 12 to 2 p.m. in Room 1150. It is designed to assist in relationship improvement/maintenance with the boss.

In answer to a number of requests, a capsule course on Form Design will be conducted Aug. 8 from 1 to 2 p.m. in Room 2185. Purpose of the course is to assist in the designing of more informative and appealing intra-office forms. Those participating are asked to bring "annoying" forms for discussion and evaluation.

More information may be obtained by contacting Anita VanHorn in the Office of Professional Development.

The next issue of *News & Events* will cover the period of August 10—August 23. Deadline for material for that issue is Wednesday, August 2.

Fun in the Sun ; sport is secondary

The World Series, Super Bowl, Masters Golf and Wimbledon Tennis paled into insignificance one hot afternoon recently when the Second Annual July Fools Day Croquet Tournament was held at RIT. The "sport", to use the term very loosely, took place on the somewhat sun-baked "Greens" at the rear of the College-Alumni Union.

Any resemblance between this croquet and the type of game which our grandparents enjoyed was strictly coincidental. However, what was lacking in sport, was made up for in fun as a number of RIT staffers took to the field in an effort to beat the summer doldrums.

Although it was the second year of croquet, virtually the same group marked the fourth year it had participated in some strange and colorful venture.

Bizarre costumes and other trappings were the rule and the only thing resembling a croquet game was the sometimes use of regulation mallets.

The croquet wickets (sticky and otherwise) were placed in such locations as near trees, behind a fire hydrant and on a sloping hill.

The players argued, jockeyed for position and generally had a good time. When a player missed a shot he could expect to hear violin "music" provided by Steve Immerman. He claims he played "Hearts and Flowers."

Ed Steffens of Special Events, reputed to be the instigator of the event, took part with all the trappings of a royal monarch. He wore a long purple robe, spangled shoes and a construction worker's hard hat. He carried a scepter made of an inverted croquet mallet topped by a star. Other participants dressed in a variety of costumes, some showing considerable ingenuity and effort.

Dr. Hugh Butler, chief judge of the event, carried out his duties with all the aplomb of a major league baseball umpire—few if any players, however, followed his directions.

Participants included—

Players—Ed Doyle

Paul Kazmierski

Bob Day

Jim Speegle

Ed Steffens

Steve Immerman

Coaches—James Glasenapp

Barb Hodik

Margaret Mary Jones

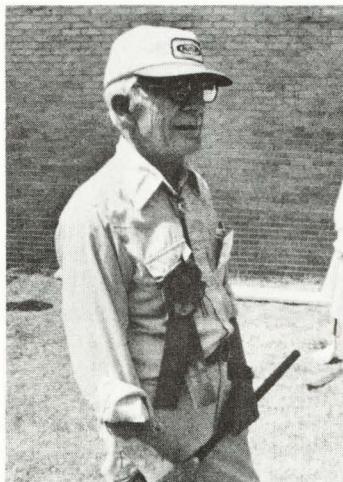

J.W. Eggers

Betty J. Glasenapp

Gladys Abraham.

Assisting Dr. Butler as judges were Rosie Deorr, Penny Passaro, Annie Bubacz and Mary Becker.

The play was followed by a small reception. All those involved, players, coaches, judges and spectators alike, are looking forward to the Summer of 1979 to see what this group will come up with.

NEWS & NEWSMAKERS

Professor Pasquale Saeva, Department of Mathematics, College of Science, has been awarded a National Science Foundation Faculty Professional Development Grant for the year 1978-79. He will do his study and research with Genesee Computer Center, Inc.

A film entitled "Nuclear Medicine Technology" was produced by **Dr. Edward Stockham**, director, School of Related Health Professions, with the technical assistance of two school faculty members **Dr. Jerome Wagner** and **Mrs. Margaret Jaconski**. The film was made by **John Sabin** as a senior thesis project for the Bio-Medical Photographic Communication program. It was presented as an exhibit at the National Meeting of the Society of Nuclear Medicine.

Jennie Bills, acting director, Student Aid Office, recently attended a weeklong National Institute on Financial Aid Management in Duluth, Minn.

Professor Joseph Benenate of the College of Graphic Arts and Photography has received the silver medal 'titulaire' of L'Hospitalite Notre Dame de Lourdes in France. He was cited at the Catholic Shrine for his efforts in assisting pilgrims there.

Juanita Ann Graham, a crew leader with Campus Services and **Charles E. Jackson** were married on July 8.

CORRECTION

Dessie Bradt has been promoted to the position of receptionist in the College of Continuing Education. It was incorrectly reported to News & Events that she would work in Admission.

RESUMES SOUGHT

Resumes are now being accepted for the position of Director of RIT's Higher Education Opportunity Program. Qualifications include a Master's Degree, experience working with disadvantaged students, and a minimum of three years of administration including experience with budgets, New York State funding, developmental education, admissions, and special programs. For more information, call Warren Crichlow, x2221 or Gladys Abraham, x2281. Application deadline is Aug. 9.

PROMOTIONS

Jim Castelein has been appointed Coordinator of Photography for Communications.

Shirley Masseth has been promoted from the position of Receptionist to Scholarship Coordinator in the Student Aid Office.

Wallace

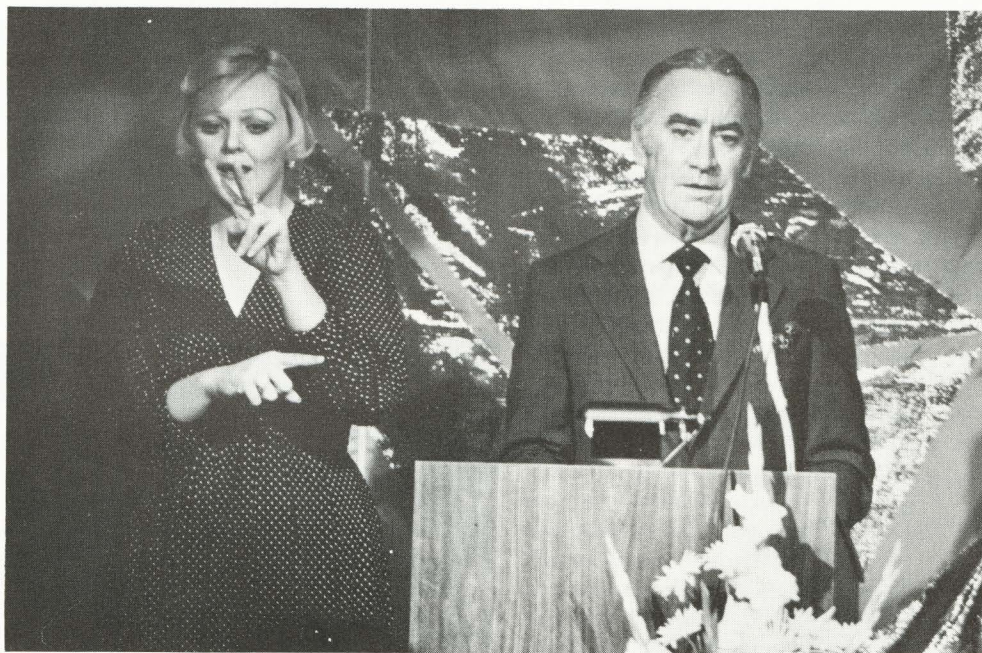

continued from page 1

and that all nominees and applicants receive "full and fair consideration."

Dr. Bullard also listed characteristics to be sought in the new dean. A person conversant with natural sciences and mathematics and experienced in the fundamentals of academic leadership; someone with teaching experience in one of the natural sciences or mathematics; a person committed to the value of interdisciplinary studies; someone sympathetic to the goals of RIT; a person likely to be able to operate in a cooperative manner with other deans and leaders of the campus, and a person who understands and can respond to the diverse array of RIT students.

Dr. Bullard asked that the committee be prepared to recommend at least two, and preferably three fully accepted candidates for the deanship at such time as the new RIT president begins work.

He suggested that the screening committee complete its organizational work during the summer, including the development of an advertisement for the position, and that it begin full operation early in September.

GOVERNOR PRAISES NTID

Speaking at a recent NTID alumni banquet, Gov. Hugh Carey had this to say, "NTID is one of the main reasons why the United States is the world leader in education of the handicapped." The alumni banquet, held at the Genesee Crossroads Holiday Inn, was a highlight of the Alumni 10th Year Reunion. Ann Witte, coordinator of the interpretative services at NTID, spells out the governor's remarks at the banquet which was attended by about 350 persons. A story on the reunion will appear in News & Events on Aug. 10.
